# CELEBRITY STYLE

Stylist to the stars Anya Sarre reports on Hollywood's hottest wedding trends.

Maintain a sense of European elegance and romance at nuptials by incorporating muted tones into the décor à la celebrities Jessica Biel and Justin Timberlake, who recently wed in Southern Italy. Even if you are unable to travel afar, follow the lead of these A-list stars and make your wedding guests feel as if they are on Italian land with dreamy details throughout.

## Anya's Advice:

You don't have to travel far to achieve the look and feel of a destination wedding. Incorporate romance into everything from décor, table settings, and even your invitation with a light color palette and floral accents.

**Style Tip:** Incorporate pretty details and small personalized touches into your table setting to make each guest feel special while adding an extra element of décor.

**Style Tip:** To create the feeling of an intimate dinner party at your reception, try seating your guests at long king's tables rather than small, square or round individual tables.
